California Gov. Gavin Newsom issued <u>Executive Order (N-29-20)</u>, which, in part, supersedes Paragraph 11 of Executive Order (N-25-20) issued on Thursday. The new Executive Order excuses a legislative body, under the Ralph M. Brown Act, from providing a physical location for the public to observe and comment if certain conditions are met. A physical location does not need to be provided if the legislative body:

- 1. [H]olds a meeting via teleconferencing and allows members of the public to observe and address the meeting telephonically or otherwise electronically;"
- 2. Implements a procedure for receiving and "swiftly resolving" requests for reasonable modification or accommodations from individuals with disabilities, consistent with the Americans with Disabilities Act, and resolving any doubt in favor of accessibility.
- 3. Gives advance notice of the public meeting and posts agendas according to the timeframes and procedures already prescribed by the Brown Act (i.e. 72 hours for regular meetings and 24 hours for special meetings) and

Dr. Smart: Outlined the financial loss due to COVID and how it will impact the Clinic financially i.e. the RHC status being delayed by the State, expected decrease in property tax revenue and patient volumes are down so the expected loss will likely be \$3 million and not see a break-even until the third year. An additional \$300 has been requested for the Copper Valley Clinic (relocation/refurbishment) project and the remainder of \$327k for the refurbishment of the MTMC surgical suite

Donation - MTHCD to MTMC Foundation: Public Comment -Action

Dr. Smart: Since May 31, 2020 is fast approaching the Board will need to decide how to proceed with the District's Lease Agreement with Dignity to donate \$1million to the MTMC Foundation with an equal match form Dignity.

Mr. Archer: Has been told to proceed with the Copper Valley Clinic renovation/refurbishing and is willing to explore options for the District to proceed with the \$300k donation. He anticipates a second waive after COVID pandemic is lifted as all those patients currently staying at home will need to resume their medical appointments for care.

Mr. Wood: Does not expect the same 15% decline as experienced in the 2009 recession. He does expect a decline in property tax revenue and suggests the District maintain the same budget.

The Board spent time investigating the options available to the District as well as showing their concern for the COVID unknowns and the financial wellbeing of the District's long-term finances.

Public Comment: Hearing None.

Motion: Ms. Al-Rafiq moved for the District to continue with the funding as intended and the

District would fund on or before the Copper RHC opening.

Second: Ms. Sellick Vote: Passed 4-1

Mr. Archer: Expects Dignity to match the \$300k now for the Copper Valley RHC to proceed.

Motion: Ms. Al-Rafiq moved to donate the remaining \$328k with an 18-month extension with

no obligation and for Dignity to match the donation

Second: Ms. Sellick Vote: Passed 5-0

Mr. Archer: Will pursue extending the lease language so the District can consider donating the remaining \$328 with no obligation.

RE: Waiver of Certain Non-Competition Terms with respect to a clinic GYN service

The purpose of this letter is to request a waiver of the Non-compete clause in the Lease Agreement between the Mark Twain Health Care District and the Mark Twain Medical Center, May 31, 2019. In that lease, Article XI, section 2 Non-Compete Clause states:

...neither the Landlord, or any entity that is affiliated with the Landlord shall participate or engage in any healthcare related service in Calaveras County that competes with Tenant, unless the prior written approval of the Tenant is obtained.....

Section 11.2 then goes on to describe Allowable Health Care Programs at the Valley Springs Health & Wellness Center.

The District proposes to establish an out-patient, non-surgical gynecologic service at VSHWC through the services of a volunteer GYN physician. Her scope of practice would include consultation for Valley Springs Health & Wellness patients only. Conditions and procedures will include menstrual irregularities, birth control, STD screening, menopause and hormonal issues, vulvar and vaginal complaints, pelvic pain, endometrial biopsy, vulvar biopsy, vaginal biopsy, colposcopy, cervical biopsy, pessary fitting, IUD placement and removal, contraceptive implants and other out-patient procedures and treatments. She will only work about ½-1 day per week.

Mark Twain Health Care District Mission Statement

"Through community collaboration, we serve as the stewards of a community health system that ensures our residents have the dignity of access to care that provides high quality, professional and compassionate health care".

The District envisions this new GYN service as a low volume activity which should not compete with the current MTMC GYN service. This new service will surely produce new referrals to the MTMC GYN service for surgical intervention as well as more complex consultations and procedures. There is a definite synergy that can occur between the two services creating a great opportunity to enhance our Clinically Integrated Network and provide a great care experience for Valley Springs patients.

Most of the scope of work in this proposal falls well within the skills of a Family Medicine provider and could be considered primary care. Nevertheless, in the full spirit of transparency and our new partnership the District wanted to ensure that the MTMC leadership was aware of these new services. Formally, we are requesting a waiver to the non-compete clause in the new lease.

Once this new service is fully in place Dr. Nussbaum (GYN) will need a few cases proctored and some interval peer review. The District requests your permission, and support, in allowing Dr. Parsa to provide the proctoring and reviews at times we mutually agree on. The District is prepared to provide reimbursement for proctoring and peer review.

Thank you for considering this request and thank you for your on-going collaborative partnership.

Respectfully,

Randy Smart MD, CEO

Mark Twain Health Care District

A Message from Amber King, Interim CEO

Thank you for all you are doing to support your communities during this pandemic. As a reminder, in light of COVID-19, ACHD is temporarily sending all communications to our full email list, including Non-Member Districts.

ACHD has been hard at work advocating on behalf of Healthcare Districts at both the state and federal level. Additionally, we've been sharing relevant information and useful resources regularly and communicating weekly with District CEOs through our Zoom

Roundtables. ACHD's Team is working hard to plan for 2020-2021, so please expect future announcements regarding everything we're working on.

We are thankful for a unique partnership with Carbon & Adidas that brought donated face shields to many of your Districts. Adidas created a short video, shared on their social media outlets, to showcase and thank health care workers on the front lines of this pandemic, featuring audio provided by Mayers Memorial Hospital District. Watch the video here.

Legislative Update

The California State Legislature began their return to Sacramento this week. The Assembly returned on Monday, May 4, implementing distancing requirements including masked members, larger committee rooms and teleconferencing

testimony. The Assembly Budget Subcommittee No. 1 on Health and Human Services met on Monday to discuss COVID-19 effects on the workforce. ACHD provided testimony on Healthcare District specific concerns at this hearing and submitted a letter outlining additional concerns and insights. You can <u>watch the hearing on demand here</u> and <u>read ACHD</u>'s letter here.

The Senate Special Subcommittee on Emergency and Pandemic response met on Wednesday May 6, to discuss the States Track and Trace program and testing capability, but will formally reconvene on May 11. The Senate will implement similar distancing measures to the Assembly. Senators will be limited to one staff member and some approved Senators will be able to participate in Committee hearings remotely but will not be able to vote. Senate Pro Tempore Toni Atkins released the following press release outlining the Senate's return.

The Governor released guidelines yesterday, formalizing modifications needed for businesses to engage in curb-side pick-up, and further variance guidelines for counties who wish to more extensively alter their stay-at-home orders. You can read the full press release outlining these modifications here, and access the county variance guideline here.

The Governor will release his May Revision of the 2020-21 California State Budget on May 14, which will show significant deficits. The Governor has continued to iterate the need for additional and continued Federal support. ACHD will report out on the May Revision in our general communications and in the next Advocate. The Legislature is constitutionally bound to pass a final balanced budget by midnight on June 15, 2020.

THIS DONATION AGREEMENT ("Agreement") is dated as of May _____, 2020 is made and entered into by and among Mark Twain Health Care District, a political subdivision of the State of California ("District"), Mark Twain Medical Center Foundation, a California non-profit public benefit corporation ("Foundation") and Dignity Health, a California non-profit public benefit corporation ("Dignity"). Each of District, Foundation and Dignity is referred to as a "Party" and, together the "Parties."

RECITALS

- A. Dignity and District entered into a Pre-Lease Agreement dated April 15, 2019, pursuant to which Dignity agreed that if within one year after the Closing (which occurred on May 31, 2019) the District makes one or more cash grants to the Foundation, Dignity will make a one-time cash donation to the Foundation of the same amount as the District grant (the "Matching Grant"), not to exceed One Million Dollars (\$1,000,000).
- B. On August 28, 2019 the District made a cash contribution of \$372,000 to the Foundation in satisfaction of a pledge dated June 6, 2019.
- C. On January 4, 2020 the District entered into a gift agreement ("January 4, 2020 Agreement") with the Foundation pursuant to which the District pledged \$300,000, payable on February 14, 2020, to be used for the benefit of Mark Twain Medical Center's Rural Health Clinic in Copperopolis, CA, with the funds to be credited to the Copper Valley Temporarily Restricted Fund. Pursuant to the January 4, 2020 Agreement, the proceeds are to be used to fund tenant improvements at 421 Sawmill, Copperopolis, CA and medical technologies to benefit the residents of Copperopolis and surrounding area. As of the date of this Agreement, the pledge has not been funded.
- D. On February 20, 2020, the District entered into a letter of intent ("February 20, 2020 Letter") with the Foundation to make a one time monetary donation of \$300,000 to be used for Tenant Improvements and medical technologies to benefit the residents of Copperopolis and surrounding areas.
- E. At various times during early 2020, leadership for the District and Dignity Health convened to discuss the timing of the District's contributions to the Foundation and Dignity Health's Matching Grant, and the parties wish to document their understanding.

AGREEMENT

NOW, THEREFORE, the Parties agree as follows:

- 1. Matching Grant. Section 3.2 of the Pre-Lease is modified to read as follows:
 - "3.2 Foundation Grant. The District has an established grant making process that provides financial support for selected Calaveras County community health purposes. If, by May 30, 2021, the District makes one or more cash grants to the

Mark Twain Medical Center Foundation, a California public benefit corporation (the "Foundation") for the benefit of one or more Medical Center programs or projects ("District Grant") Dignity Health shall make a one-time cash unrestricted donation to the Foundation of the same amount as the additional District Grant not to exceed One Million Dollars (\$1,000,000). Dignity Health's contribution shall be due and payable to the Foundation sixty (60) days after the District notifies Dignity in writing of the District's cash grant, shall be made via wire transfer to the bank account of the Foundation identified in the District's written notice, and, if not made within said sixty (60) days, shall bear interest at the Wall Street Journal Prime rate plus one percent (1%) from the due date until paid."

- 2. Existing Pledge. The outstanding pledge amount by the District to the Foundation pursuant to the January 4, 2020 Agreement and the February 20, 2020 letter represent a single pledge of \$300,000 (the "Existing Pledge"), which amount remains unpaid.
- 3. Extension of Time to Fund Existing Pledge. The District agrees to fund the Existing Pledge within one (1) year of the opening of the Copperopolis Rural Health Clinic at 421 Sawmill, Copperopolis, CA. Cash payments made by the District to the Foundation will be credited first toward satisfaction of the Existing Pledge, prior to qualifying for additional Dignity matching donations under the Pre-Lease Agreement.
- 4. <u>Dignity Matching Grants</u>. Dignity has not yet made a donation to the Foundation to match the District's August 28, 2019 cash contribution of \$372,000. Dignity will make that unrestricted matching donation to the Foundation, with interest, by May 31, 2020. By June 30, 2020, Dignity will make an additional unrestricted matching donation matching the Existing Pledge, notwithstanding the delayed funding of that pledge by the District as provided in Section 3 of this Agreement. Following the contribution of these matching donations to the Foundation, Dignity will have satisfied \$672,000 of the maximum \$1,000,000 in matching contributions under the Pre-Lease Agreement.
- 5. <u>Choice of Law</u>. This Agreement shall be governed by and construed in accordance with the laws of the State of California without regard to such State's conflicts of laws rules.
- 6. <u>Entire Agreement; Amendment</u>. This Agreement modifies the terms of the Pre-Lease Agreement only as set forth herein. All other terms of the Pre-Lease Agreement remain unaltered. This Agreement may not be amended except in a written instrument executed by the Parties.
- 7. <u>Drafting</u>. No provision of this Agreement shall be interpreted for or against any Person on the basis that such Person was the draftsman of such provision, and no presumption or burden of proof shall arise favoring or disfavoring any Person by virtue of the authorship of any provision of this Agreement.
- 8. <u>Counterparts; Facsimile Transmittal</u>. This Agreement may be executed in one or more counterparts, each of which will be deemed to be an original copy of this Agreement and all of which, when taken together, will be deemed to constitute one and the same

agreement. Facsimile or email transmission of a true scanned copy of any signed original counterpart transmission shall be deemed the same as the delivery of an original.

[Remainder of this page intentionally blank. Signatures follow on next page.]

IN WITNESS WHEREOF, the Parties have caused this Agreement to be executed by their duly authorized officers as of the date first mentioned above.

MARK TWAIN HEALTH CARE DISTRICT RURAL HEALTH CLINICS POLICY AND PROCEDURES

POLICY: Text Messaging and Social Media	
Communications	REVIEWED: 4/22/20
SECTION: Workforce	REVISED:
EFFECTIVE: May Board Meeting	MEDICAL DIRECTOR:

Subject: Text Messaging and Social Media Communications

Objective: Define guidelines for appropriate utilization of text messaging and social media related to the

Valley Spring Health & Wellness Center (VSHWC) Clinic

Response Rating: Mandatory

Required Equipment:

Procedure:

Text Message Communication:

- 1. Group text messages related to the Clinic are allowed for enhanced communication between the Manager and/or staff using the following guidelines:
 - a. Users are expected to utilize professional text etiquette.
 - b. Users shall not transmit or receive material that is threatening, obscene, disruptive or sexually explicit, or that could be construed as harassment or disparagement of others based on their race, national origin, sex, sexual orientation, age, disability, religion or political beliefs.
 - c. Messages will be brief, to the point, and use appropriate language

Text messaging is not a secure or HIPAA-compliant means of transmission, if information needs to be transmitted through standard text messaging, patient information will be redacted, patient ID is permitted without other identifying information. Phones used for this purpose should be password protected. Patient information should be deleted upon the issue being resolved.

Utilization of social media:

The following are guidelines for VSHWC employees who participate in social media. Social media includes personal blogs and other websites, including Facebook, LinkedIn, Twitter, YouTube, or others. These guidelines apply whether employees are posting to their own sites or commenting on other sites:

VSHWC's server, computers and laptops contain secure information and improper use of alternate internet sites may cause an inadvertent breech in the security, exposing confidential patient information. Patient privacy is paramount.

- 1. Follow all applicable VSHWC policies. For example, you must not share confidential or proprietary information about VSHWC, and you must maintain patient privacy. Among the policies most pertinent to this discussion are those concerning patient confidentiality, HIPAA, Information Technology Rules of Use, photography and video and release of patient information to media.
- 2. Write in the first person. Where your connection to VSHWC is apparent, make it clear that you are speaking for yourself and not on behalf of VSHWC. In those circumstances, you should include this disclaimer: "The views expressed on this [blog; website] are my own and do not reflect the views of my employer."
 Consider adding this language in an "About me" section of your blog or social media profile.
- 3. If you identify your affiliation to VSHWC, your social media activities should be consistent with VSHWC's high standards of professional conduct.
- 4. If you communicate in the public internet about VSHWC or VSHWC-related matters, you must disclose your connection with VSHWC and your role at the Clinic.
- 5. Be professional, use good judgment and be accurate and honest in your communications; errors, omissions or unprofessional language or behavior reflect poorly on VSHWC, and may result in liability for you or VSHWC. Be respectful and professional to fellow employees, business partners, competitors, and patients.
- 6. Ensure that your social media activity does not interfere with your work commitments.
- 7. VSHWC strongly discourages "friending" of patients on social media websites. Staff in patient care roles generally should not initiate or accept friend requests except in unusual circumstances such as the situation where an in-person friendship pre-dates the treatment relationship.
- 8. VSHWC prohibits staff in management/supervisory roles from initiating "friend" requests with employees they manage.
- 9. VSHWC does not endorse people, products, services and organizations. Official VSHWC accounts should not be used to provide such endorsements. For personal social media accounts where your connection to VSHWC is apparent, you should be careful to avoid implying that an endorsement of a person or product is on behalf of VSHWC, rather than a personal endorsement. As an example, LinkedIn users may endorse individuals or companies, but may not use VSHWC's name in connection with the endorsement, state or imply that the endorsement is on behalf of VSHWC, or state specifically that the endorsement is based on work done at VSHWC.
- 10. Unless approved by the CEO, your social media name, handle and/or URL should not include VSHWC's name or logo.
- 11. Social Media access will be permitted on lunch or break periods, on personal phones, tablets or laptops. Any personal devices are to use the "VSHWC Guest" Wi-Fi."

12. If you have any questions about what is appropriate to include in your social media profile(s), please contact your Manager.

Budget Narrative

FYE 6/30/2021

The annual budget process accommodates a revised accounting system, recognition of four distinct business units, the opening of a new clinic and the continued expansion of employment relationships. The accounting system was created to be in line with *OSHDP Hospital & LTC Facility* reporting standards. This will insure consistency in accounting, recognition of primary focus of the District as a health care entity. The accounting system will be universally recognized by future healthcare executives charged with accounting and financial reporting.

The four pools of cost or business units are:

- Valley Springs Health & Wellness Center(VSHWC)
- Rental properties
- District Projects
- Administrative and general District costs

VSHWC

- The budget is a forecast of multiple assumptions. The budget represents the period from July 1, 2020 through June 30, 2021.
- The budget is a visit-based budget. Total visits are based on the assumption of the number of
 qualified providers that will be available in the first full year of operation. We estimated 3.1 FTE
 of MD providers and .51 FTE dental provider and .12 FTE Psychologists. Additional providers were
 added in support of the medical providers to include a Registered Dietician and a Licensed
 Marriage Family Therapist.
 - Budgeted visits fit within our demand analysis of total potential visits. We estimated that the area needed and additional 5 Medical providers to address the unmet need.
 - o Achievement of the visit forecast is subject to several variables
 - Timing of the actual recruitment of the 3.1 medical providers.
 - The health and continuation of the Medical Director.
 - Maturity, experience and credentials of the medical providers recruited. Will they be reasonably productive? We used standards of productivity to estimate visits.
 - Will the providers be comfortable treating the Medi-Cal and Medicare populations?
 - Competitive recruitment environment for medical providers.
 - Collective personalities of the medical provider team.
 - Malpractice coverage and tail coverages.
 - Types of providers being recruited. General, Family practice, Pediatric, Internal Medicine, etc.

- Net patient revenue is based on the projected visits and an assumption of the payer mix.
 - We are expecting 63.7% of the patients will be Medi-Cal or Managed Medi-Cal.
 - This is predicated on our focus to provide services to women and children, which are the primary focus of the Medi-Cal program.
 - The recruitment of General and Family Practice providers is important to the achievement of this goal.
 - We are estimating the Medi-Cal RHC PPS rate based on this budget projection. Fiscal year ending June 30, 2021 is the cost capture period for the Medi-Cal RHC PPS rate.
- Payroll is a significant cost of the clinic. We are estimating the use of 16.94 FTE of non-provider staff to support the 3.1 medical providers, .51 Dental provider, .12 Psychologists; .20 LMFT and .10 Registered Dietician. Total cost of labor is expected to be \$1,184,691 for the twelve months.
- Medical provider cost is estimated to be \$905,244 for the year. Based on 3.94 contracted providers.
- IT expenses are included in account 7803.69. This represents the proposed Athena relationship and includes the cost of the patient management system and electronic health record system. The dental health record is also included in this line item. The total cost of these applications is based on a percentage of clinic net patient service revenue.
- Depreciation is based on the projected cost of the building project and the projected cost of the scheduled equipment divided by the asset's economic useful life.
- All variable costs are based on the projection of visits times a factor.
 - Adequate increases in our assumptions were made to address the expanded use of PPE and ongoing cleaning of the clinic spaces after every appointment and end of shift.
- Fixed costs are based on reasonable assumptions.

Rentals

The rental segment represents three distinct projects with very consistent trends in cost and revenue:

- 1. The hospital asset and other hospital lease commitments.
- 2. Medical Office building subsidy
- 3. Child advocacy sponsorship

Projects

In the past there were three pools of project costs:

- 1. Foundation (commitment under the hospital lease arrangement)
- 2. Stay Vertical
- 3. Golden Health Grant Awards

Going forward these commitments can be modified. An amount was presented for draft purposes. However, none of the projects represent any long-term commitments made by the Board.

This year is the RHC rate setting opportunity. The RHC project represents the most ambitious and allencompassing activity of the District in some time. During the rate setting and for the next two years cash flow and working capital management are primary concerns. All resources need to be available to ensure the success of the establishment of the final rate. Financial flexibility will be key.

It is a high probability the RHC project will make demands on cash positions that decrease the District's ability to fund other projects this year.

General and Administrative

This segment is the District cost of maintaining the District, support services for the other business components and collections of District non-operating revenues such as property taxes and interest.

The District budget and projection aligns with the District's historical financial performance. Much of the details can be supported by previous payments and cost experiences of the past year. Growth by virtue of the new VSHWC will expand the level of service required by the District administrative staff.

Labor is based on an expansion of the District office staffing. The District has budgeted 3.55 FTEs in the coming budget cycle.

Cash Flow

From a cash flow perspective, the consummation of the hospital lease concluded in 2019. The lease payments were prepaid. The cash has been fully received but the income is recognized when earned through a method of amortization. The amortized revenue does not increase cash position during the budget period.

This year will represent a full year of operations of the VSHWC. We believe the size and amount of activity the VSHWC represents will fit into the District's economy of scale. We believe there will be sufficient cash flow to meet the planned requirements of the clinic. Due to the size of the operation, complexity of the RHC reimbursement method and the newness of the Clinic operations we are recommending a higher level of working capital conservativism. The focus should be about the success of the RHC during this time period.

Our three main programs are Home Builds, Home Repair and Mortgage Assistance. To better grow these programs, we need to increase our outreachefforts and that requires more banners, brochures, flyers and documents. Ourprograms are constantly changing and we need to keep the community as informed as possible. We currently print what we can on old inkjet printers and outsource the rest at hight costs. We are desperate need of a printer/copier that can accommodate our needs so we can control production and operating costs by keeping production in house. MONEY TO BE USED FOR PRINTER.
